

Privatize our hotel for all your event

Private events with your family, your friends, or in group

For your family events, with your friends, or in large group (associations, clubs...), you can privatize the entire hotel. Whether you would like to organise a wedding, a birthday or any other event, the hotel can welcome close to about forty people. You benefit from all the hotel services: rooms for your guests, reception rooms, garden, bar lounge... We adapt our services to your wishes and budget.

For any further information about organising an event, please contact us.
